

## Tech Training: Roxio Burner

Roxio is an optical disk (CD/DVD) burning program. Roxio is the default CD/DVD burning program on the video editing station in Zon109. Either open the program directly or, when burning an .ISO file, double-click and Roxio will open to the correct window ready for you to burn a disc. With Roxio, you can create:

- .ISO files
- Audio CDs
- Data discs
- Copy discs

### Burning ISOs

#### Burning .ISO Files

- Launch Roxio
- Click Copy or Burn Image
- Browse to your .ISO file
- Insert a blank disc
- Click the big orange circle in the lower right
